

Allocation Policy 2019/20

NEW UNDERGRADUATE AND POSTGRADUATE STUDENTS (MASTERS AND RESEARCH)

Last updated: March 2019

1 Introduction

1.1 Aston University in conjunction with Unite Students provides accommodation in over 3,000 bedrooms in Aston Student Village (ASV). While we would love to accommodate all our students on campus, demand often outweighs availability. With this in mind we aim to set out clearly our allocation policy to ensure a fair and transparent process of providing on-campus bedroom facilities.

1.2 Our allocation practices are reviewed on an annual basis. We set out below our allocation policy for the academic year 2019/20 for new students when they enter their first year of study on an Aston University programme starting at either Year 0 (Foundation) or Year 1 (Undergraduate/Postgraduate). Please note that ASV accepts applications for individuals only as we do not provide facilities suitable for families or couples. We include in this a first year guarantee scheme on the condition that applications are made within the parameters set out in this document.

2 New Undergraduate Applicants

2.1 Aston University guarantees ASV campus accommodation to new applicants as set out in 1.2 going into their first year of study at Aston University providing they fulfill the criteria set out below:

- Aston University is their Firm Choice via their UCAS application
- They hold a Conditional Offer of a place on an Academic programme and have applied for ASV accommodation through the [online portal](#) by the 19th July, 2019.
- They firmly accept an Unconditional offer from Aston University by the 23rd August, 2019 (in most cases this is after conditional results are known) and a place at Aston is confirmed.

2.2 Undergraduate applicants may choose a 45 week Tenancy Agreement only. Further details and Tenancy Conditions can be found on the Unite Students [website](#).

2.3 Foundation students moving to Year 1 of their degree as part of an integrated 4 or 5 year course are classed as returning students under this allocation policy, and must book rooms directly with Unite Students for 2019/20.

5.2 Applications will be open to students throughout the summer and will be considered on the basis of the date by which students firmly accept an unconditional offer from Aston University, and the date on which their accommodation application has been received.

7 Care Leavers

7.1 Aston University guarantees ASV accommodation to all UG care leavers providing they apply by 19th July, 2019 and provided they meet the criteria set out in section 1 above.

7.2 A care leaver is a young person (under the age of 25) who:

- has been in the care of, or been given accommodation by, their local authority (LA) for a period of at least 13 weeks before the age of 16, and
- hasn't reconciled with their parents between leaving care and starting their course.

8 Returning Students

8.1 Returning students who wish to live in ASV should apply directly to [Unite Students](#).

8.2 Foundation students moving to the 1st year proper of their degree as part of an integrated 4 or 5 year course are classed as returning students under this allocation policy, and must book rooms directly with [Unite Students](#) for 2019/20.

8.3 The following groups of students will be considered for exemption:

- Students who require campus accommodation for supported medical/disability reasons.
- Students who are currently engaging with the Wellbeing and Enabling Team where it has been identified that they require to remain on campus.
- Students who classify as 'early independents' i.e. care leavers, young adult carers and estranged students.

9 Allocation Considerations

9.1 We will continuously review all applications received and provide accommodation offers following the considerations set out below to our students guaranteed to be accommodated on campus:

- Students who require campus accommodation for supported medical / disability reasons and students who will be under 18 at enrolment into the University will be prioritised over any other applicants.
- All students eligible under the guarantee will be considered in sequence of the date of the accommodation application being received and the date the student firmly accepted an unconditional offer from Aston University.
- We endeavour to accommodate all applicants' preferences, however, on occasions we may be unable to fulfil them due to lack of availability of appropriate accommodation. Although we try to meet requests for mixed sex or single sex accommodation, it is not always possible for us to do so.
- Applicants must accept their room offer within the given deadline, including payment of the Booking Fee, to avoid the offer being withdrawn. As deadlines can change throughout the summer, applicants must check their emails and junk folders regularly.
- We allocate against a set campus room plan which outlines which buildings are allocated to new first year undergraduate students, undergraduate returning students and postgraduate students, taking into consideration each of their requirements. Specific location requests are therefore subject to our campus room plan.
- Unsuccessful applicants, who do not fall under the University's first year guarantee scheme, will be informed of this no later than 6th September 2019, with an option to remain on our waiting list, should a place become available during enrolment and the first term. Aston University takes no responsibility for providing alternative accommodation off-campus.
- In the unlikely event that an applicant has to withdraw or take leave of absence from the University following submission of their accommodation application, they should inform us as soon as possible to allow another student to be allocated a room for the beginning of the Autumn Term 2019.
- Whilst Aston University endeavor to fulfil their guarantee promises as outlined in this document, we will work with Unite Students should applications exceed availability, to identify carefully selected third party accommodation and reallocate students to these accommodations. Aston University takes no responsibility for any additional costs in such circumstances. In such cases, compromises may need to be made on your accommodation preferences.

We fully expect that the vast majority of first year students will be offered a campus room.

11 Receiving an Offer
