Academic Calendar

Study Programme

Course registration will take place online before the beginning of the semester. After admission, students will receive an EBS email account. All important information (course registration, etc.) will be sent to this EBS email account only! It is the responsibility of the student to check this account regularly!

Class Format: lectures and seminars

Grading: participation, written, oral

Attendance and Participation: mandatory

Full load for one semester: 30 ECTS + 1 language course

Language of Instruction: More than 90% of courses at Bachelor level in English.

Modules and Courses – the difference:

Bachelor programmes are taught in so-called *modules*. Modules are groups of courses, which can only be registered for as a whole.

An overall module exam is taken at the end of the semester, which includes elements from all the courses. **However, only one overall mark is given.**

At the end of the semester, the module will appear on the transcript of record as ONE module with ONE modular grade. Few modules are structured in such a way, that it is not possible to take the whole module during one semester. In such

a case, students can take the course on its own – these courses are accordingly labelled as ‘stand-alone courses’. For each stand-alone course a separate exam has to be taken.

Course Timetable

Our timetable is not as regular as most students are probably used to. Some courses last for a whole semester, some for several weeks, but some shorter courses last merely for a few sessions, often over an intensive 2 or 3 days block.

The student is responsible for checking for clashes while doing the registration!

When the student registers his/her courses, they must check for clashes. Most of the courses have.
